Foreword

On the surface, life at Radford seems to be like that at any other school on the Island; however, all Radmen have one purpose in common: to build Radford's reputation. The major setback in reputation that was encountered by Radford a few years ago caused the school's morale to sink to a low ebb. The administration and teachers have worked hard to give the necessary guidance to build our reputation to its present high level.

The students of Radford have taken upon themselves to help the school earn the reputation that it now enjoys: that Radford is an outstanding school among the other great schools. The many service projects that the students have undertaken are typical of the desire to do good: visiting the patients at Tripler Army Hospital, the fashion show that was put on for charity, the book drive, the five-day walk-a-thon for the Senior Patio, the Books for Radford bake sale put on by sophomores, and the canned food drive. The same desire to do things for the good of Radford prevails in scholastic work and in sports.

The lyrics of the "Alma Mater" present this pride and loyalty that Radford students feel toward their school. It is because of this that the "Alma Mater" was chosen as the theme of the 1963 Ka Poe Aea.

Helen,

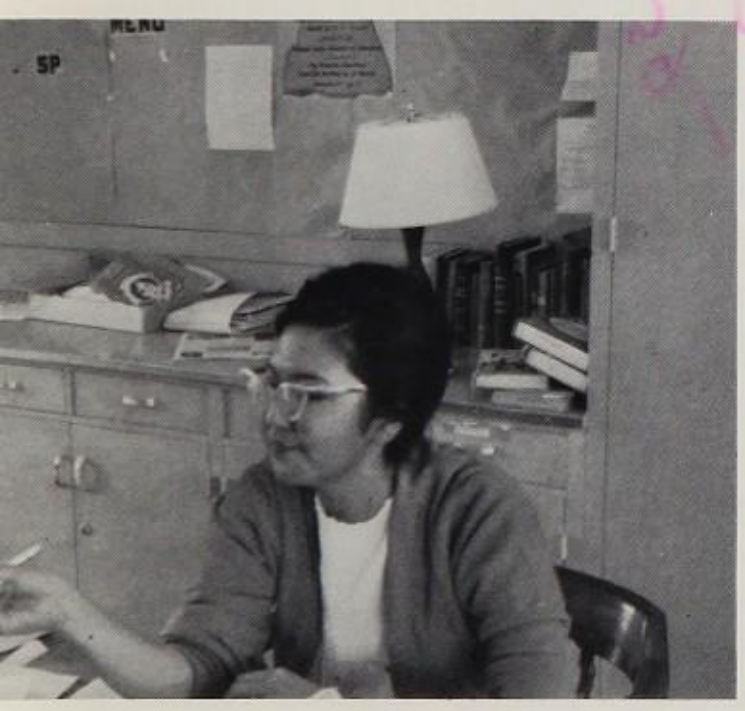
Dedication

Miss Betty Blake has contributed greatly toward developing school spirit and pride in Radford. Her constant advice to and support of the student body has greatly improved our school.

Miss Blake has shown perpetual interest in leading and guiding student activities, first by getting behind the football team and then by giving moral support to the Senior Float Committee at the homecoming activities. She has constantly urged the senior class into many projects beneficial to the school. She has stood behind us down to the last trial and tribulation, and has also contributed much constructive criticism to all of our undertakings.

To Miss Blake, who in the last two years has become one of the most respected and beloved teachers in the school, we sincerely dedicate the 1963 Ka Poe Aea.



When Mrs. Myrna Ishimoto points her finger and says, "You do this now," students respect her words. It is that driving force in Mrs. Ishimoto that made each student do more than he thought he was capable of doing. Some of the projects which were made possible by her persistent urging are the Senior Patio, the Walk Around the Island, and the Tree Planting Project.

She has been a great inspiration to many students; for this reason we are dedicating the 1963 Ka Poe Aea to Mrs. Ishimoto.

Radford High School

May 20, 1963

Dear Eddie:

This year has been a great one at Radford. The student body has been the greatest I have ever seen. No matter what challenges were put forward to them they rose to the occasion and did themselves proud. Yes, sir!

Most of the teachers that you knew when you were here are still teaching, but there have been many additions to the fine faculty. As usual Dr. Mann and the fine staff of counselors have been the guiding lights during the last year of our stay here at Radford. The teachers still exercise the firm yet gentle hand that they showed when you were here. It is under their expert guidance that many of us have taken the big step forward...college.

The student council has done so much this year that it will be quite a while before anyone tops the outstanding record they have made. The assemblies that they sponsored, especially the Aloha Week assembly, were the best that have ever been presented at Radford. Everyone in the whole school can be proud of their student council and the job that they are doing. The Senior Senate has done an excellent job this year in helping the seniors and the whole school. It was through their help that the seniors obtained their own lunch tables, a private cheering section at the games, and other privileges.

This year has gone by so fast that graduation time is already upon us. Now the normally calm seniors are beginning to show signs of anticipation of the end of their high school years. What with its tissue wars, ticket sales, and bake sales, this senior class has been the most active class since Radford's beginning. Although we are preparing to leave Radford and go out into the world, we will never forget the days at Radford. We will always be true to our Alma Mater.

The freshmen were so anxious to prove themselves worthy of being called Radford students, they got into the swing of things by founding their own service club, the Saxons. The sophomores, Radford's largest class, held outstanding dances and activities this year. The junior homecoming float was a beauty! All of their events were well attended by persons of all classes and even some old grads. The Junior Prom was the highlight of the social year. On the whole the underclassmen seem to be a capable group to entrust the leadership of the school.

The varsity teams as a whole, have done better than they were expected to perform. So many good players were lost either through graduation or service transfer that it was like starting from scratch; but the boys put up a good fight. We were right there, urging them, "Go, RAMS, Go!" The varsity teams: basketball, baseball, track, and swimming fought hard for the honors that they won this year. Although they were out-classed many times, they always fought to the fullest of their ability to uphold the honor and the traditions of the RAMS. Remember the yell?..."Yea, RAMS! Yea!" Yep, we were right there cheering them on.

Aloha,
William

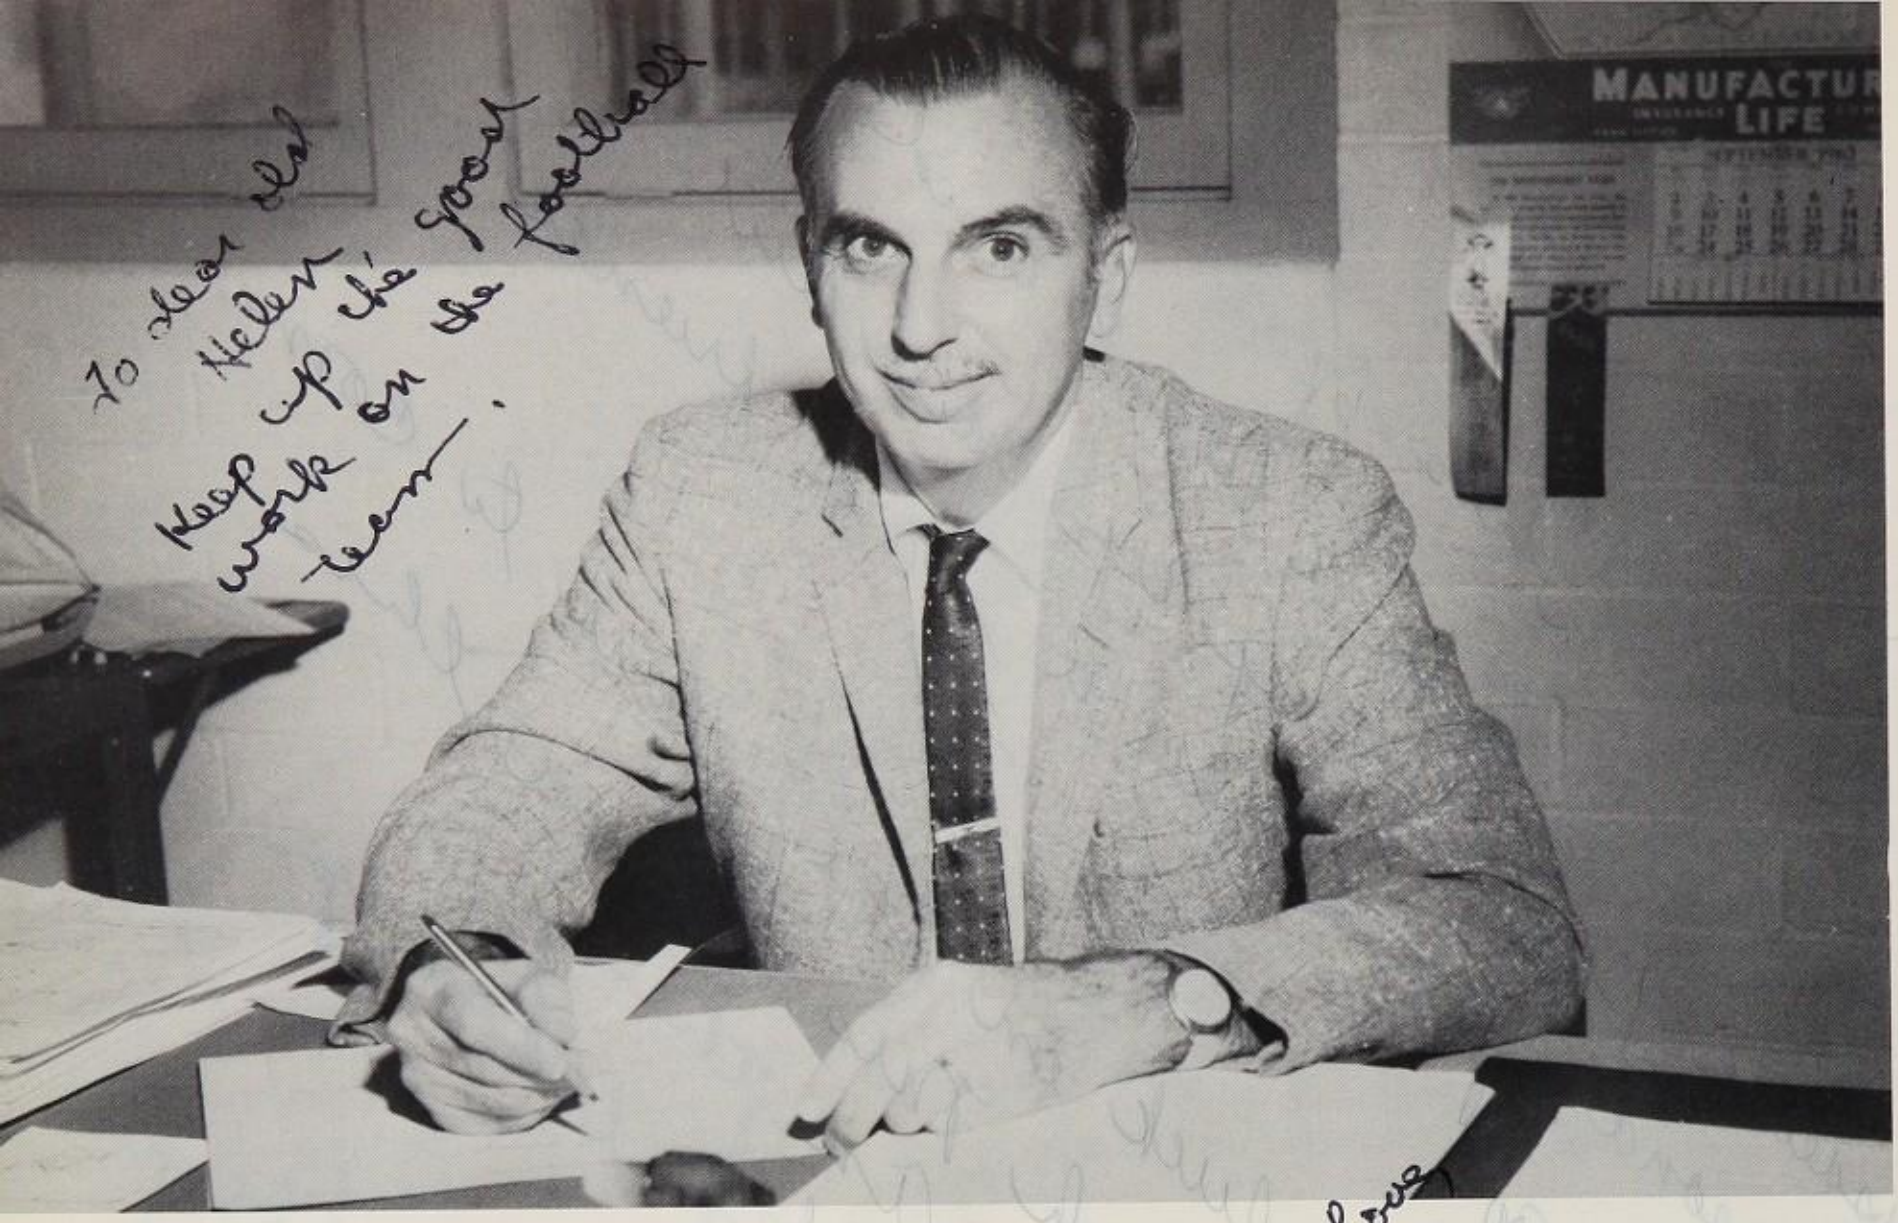
FACULTY AND ADMINISTRATION



DR. ARTHUR F. MANN
Principal

During his five years of devoted service to the students and faculty of Radford High School, Dr. Mann has done much to gain the admiration of all. Everything he does is for the good of Radford--even the punishments he hands out help to prepare everyone for the future. His wholehearted effort toward building a better reputation for Radford has not been in vain, for Radford now has a reputation it can be proud of.

Another prominent figure in the administrative staff of Radford is our vice-principal, Miss Evelyn Murashige. She has been the very capable right hand of our principal, Dr. Mann. Throughout the five years of Radford's existence she has served faithfully. She is always ready and willing to listen to the students and their problems in an under standing way.

MISS EVELYN MURASHIGE
Vice-Principal

One of our three counselors is Mrs. Ruth Ballard, who always listens to your problems with an understanding heart.

Got problems with tardy slips? Well, then, Mr. Albert Wills is the man to see.

Mrs. Olive Murakami, one of our counselors, is always ready to take time out to listen to our problems. She also is in charge of programming assemblies.

Devoted to the work of making Radford's library a good one, Mr. Henry Tyau has untiringly strived for the type of library we of Radford would like to have.

Many additions to the fine faculty

Just graduated from Kalani High School, Miss Sharron Monma is doing her job as clerk typist like an old-timer.

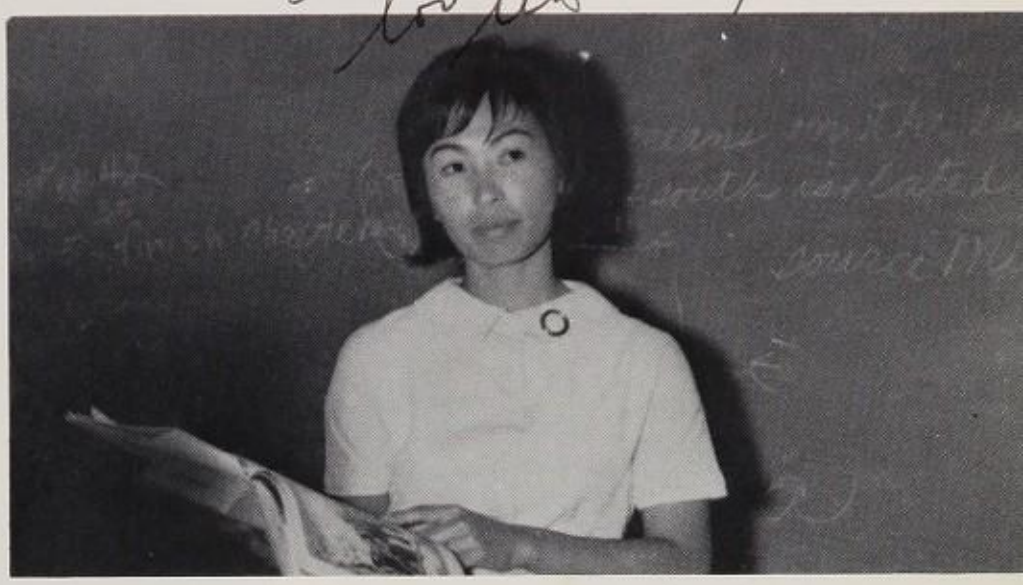
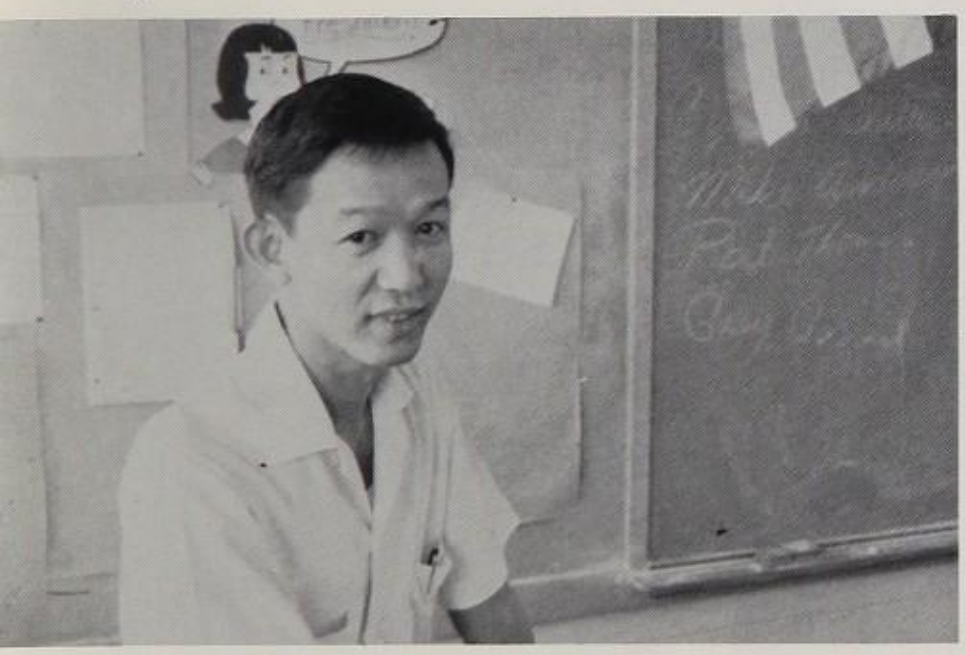
Mrs. Ruth Hood, an exchange teacher from California, is the adviser of the Sophomore Class Edition.

If you are worried about all the goings on in your head, Mrs. Myrna Ishimoto is the one to see, for she teaches psychology. She is adviser of the Delta Phis and the speech club.



Mrs. Eleanor Kawakami is very busy advising the Y. F. C. and being in charge of the junior prom.



Mr. Logan Kadomoto is a devoted math teacher.

I'll certainly miss you next year - you've been like my right arm in 5th period. Hope you didn't mind my butting your business once in a while because you were always so dandy!! But I never really got mad! Ha!! SENIORS

Seniors

Alma

In looking back at the various projects the seniors undertook, one finds a common objective in every undertaking: to improve Radford, to make our Alma Mater an outstandingly good school.

Several enthusiastic students and teachers of the senior class have generously poured much of their time, effort, and ingenuity into making such projects as the walk-a-thon for the patio, the book drive for the school library, and the Variety Show successful.

The Walk-a-thon included two groups of boys who started from opposite directions and walked completely around the island of Oahu. This was done as a campaign kickoff to raise money for the senior patio. The senior homerooms contributed their part by organizing money-making projects.

Due to the inadequacy of Radford's library, a book drive was organized by several enthusiastic seniors. Thousands of books were collected after canvassing hundreds of homes. Seniors as well as some underclassmen participated in this project, which proved to be very successful.

Work For

Mater

The seniors showed their willingess to work together. But faculty support was also a major part of the success of the projects. Generously, teachers spent much time on the book drive and the patio. Encouragement played a vital part in keeping the enthusiasm alive, and from what greater source could this be obtained than from respected teachers.

An outstanding senior class project was the variety show, "Backstage." Two capable seniors chaired this activity, which was open to the student body as well as the public. All the planning, rehearsing, and publicity brought good results, as the audience enjoyed the show very much.

As the day of departure from Radford approaches, we briefly recall the events that have made our high school days enjoyable.

Many of us can remember the mixed feelings we had as freshmen, not knowing whether to be excited or afraid of what was ahead of us. However, our activities: Winter Fantasy Dance, Class Day, and Memorial Day Service Project helped us overcome our fears, and secured our standing as an important part of the school.

Our sophomore and junior years went by much too fast as we tried to attain our goals in the academic program as well as participate in the major events of the years: Semester Dance, Career Day, and the Junior Prom.

All too soon, our last year of high school has arrived, and as we try to make the most of it, our participation in the Spring Dance, Class Day, and Commencement Banquet become the most valuable moments at Radford.

These memories have strengthened our pride as seniors, as the students who helped make Radford what it is today, and we face graduation with honor and prestige as we leave our Alma Mater.

Senior Varsity Football

At the beginning of the season, football experts picked Radford to finish seventh or eighth. The Rams surprised the experts and the other teams and ended in a tie for fourth and a Turkey Day game. The Rams actually finished fifth, but a forfeit by Kailua gave the Rams a break.

Several times during the season the Rams showed the spark that gave them the championship two years previously. At the same time the lack of team unity and coordination was the cause of Radford's losing. In games against Aiea, Leilehua, Waialua, and Castle, the last two especially, the Rams showed a strong potential offense. Even in the games they lost, the winning team never scored over two touchdowns.

While some students may feel let down that Radford didn't take the championship again, the Radford students can be proud of a team that refused to quit.

Radford's varsity Ram cagers ended up their basketball season with a 9-3 won-loss record which enabled them to enter the State Basketball Tournament as the Rural Oahu Interscholastic Association runnerup team. The Rams copped the consolation title in the State Tournament, which was held on March 1-3, by scoring impressive victories over the Molokai Farmers and the Trojans from Saint Anthony High School of Maui. Their only loss in the State Tournament came from the Kamehameha Warriors, the Honolulu Interscholastic League champions who went on to win the State Championship title.

During ROIA competition, the Rams scored four victories in a row before being upset by Castle's Knights, 51-47. The first four victories were over the Kailua Surfriders, 31-30, the Waianae Seasiders, 60-44, the Aiea Aliis, 53-33, and the Kahuku Red Raiders, 54-46. The Rams continued winning over the Leilehua Mules, 54-41, the Waipahu Marauders, 49-46, and the Waialua Bulldogs, 58-35.

Radford's regular season record was 7 wins with only one loss. Their record enabled them to play in the round-robin series for the ROIA championship. The Waianae Seasiders edged the Rams 42-40. The Rams blundered Kailua's Surfsiders, 45-35. The Waipahu Marauders clinched the ROIA basketball crown when they eked out a 46-42 victory over the Rams. The loss put the Rams in a tie for second place with the Waianae Seasiders. The Rams ripped the Seasiders by a score of 63-42.

The Junior Varsity team took the ROIA championship this year. By doing so, they also retrieved the perpetual ROIA J.V. championship trophy. This was the third Radford J.V. squad that won the championship.

Our championship Ram Babes ended their ROIA season with a 10-12 won-loss record, losing only to Castle and Waianae. The Ram Babes squad was led by Bobby Burk, Chuck Russell, Rudy Apisa, Larry Davis, and Edgar Uyemuki.

COACH
MR. LAWRENCE CHUNG

Prospects for the track team this year are fair, considering the youth of the team, with many freshmen and sophomores and very few seniors on the team.

Among the outstanding boys in the team this year are: William Watson, who is expected to do better than the present State high jump record of 6'2¼" which he already holds; Doug Erickson, who completes the 100-yard dash in 10.6 seconds; and James Morgado, scoring 11'9" on the pole vault. Other outstanding members of the track team are Henry Keohohou, in the discus and shot-put division; and Randy Cook, in the miler division.

Some of the events in which Radford will be participating are the Castle track meet, Kailua relays, R.O.I.A. track meet, Punahou track meet, and finally, the State track meet. With the coaching staff of Mr. John Velasco and Mr. Lawrence Chung, the Rams will be striving for their goal in all these events, to "bring home the bacon."

The Walk Around the Island started off the Senior Patio Fund Drive by publicizing the patio. The boys were from Homerooms 243 and 262. Hiking for 243 were Harry Otaguro, Steve Martin, Terry Burk, Carlos Zuniga, Phil Jacques, Soosooalii Savali, and Benny Loa. Representing 262 were Fred Langer, Dave Howell, Skip Curley, Les Daugherty, Frank Rodriguez, Ricky Seminara, and George Blank.

The teams left Radford at 6:00 A.M. on December 26, going in opposite directions. On Sunday 243 ended its walk and 262 finished on Monday.

They all agree that in spite of the difficulties it was a lot of fun.

Scholastic Art Awards

1963 was a big year for the Art Department of Radford. In the Scholastic Art Awards Contest, out of 600 entries from all over the state, 100 were chosen to represent the State of Hawaii in the nationals at New York; Radford placed 25 of the hundred winners.

Three winners in the scholarship competition were Cyndi Lee, Kaye Metzer, and Chuck Williams.

Cyndi and Kaye won honors in mixed media work and Chuck got top recognition for his pencil media drawing.

ROHSGA Conference

As hosts of the annual ROHSGA Conference this year, Radford students worked diligently under the leadership of a reliable and capable chairman, Harry Otaguro.

Representatives from rural schools attended this conference on February 1. Radford's delegation consisted of the student council officers and the officers of the senior, junior, sophomore, and freshman classes. Other members of the student council who attended the conference were ushers, chairmen of registration, refreshment, and other committees.

The schedule for the day included a general assembly, which was the introduction session; the workshops; and the second general assembly, which was the business session. As a climax of the day, the Cambridge Trio from Radford entertained the delegates.

Sandy and Jan receive a hand of applause from the audience, as they are introduced as Junior Miss Contestants.

The Senior Class Presents . . .

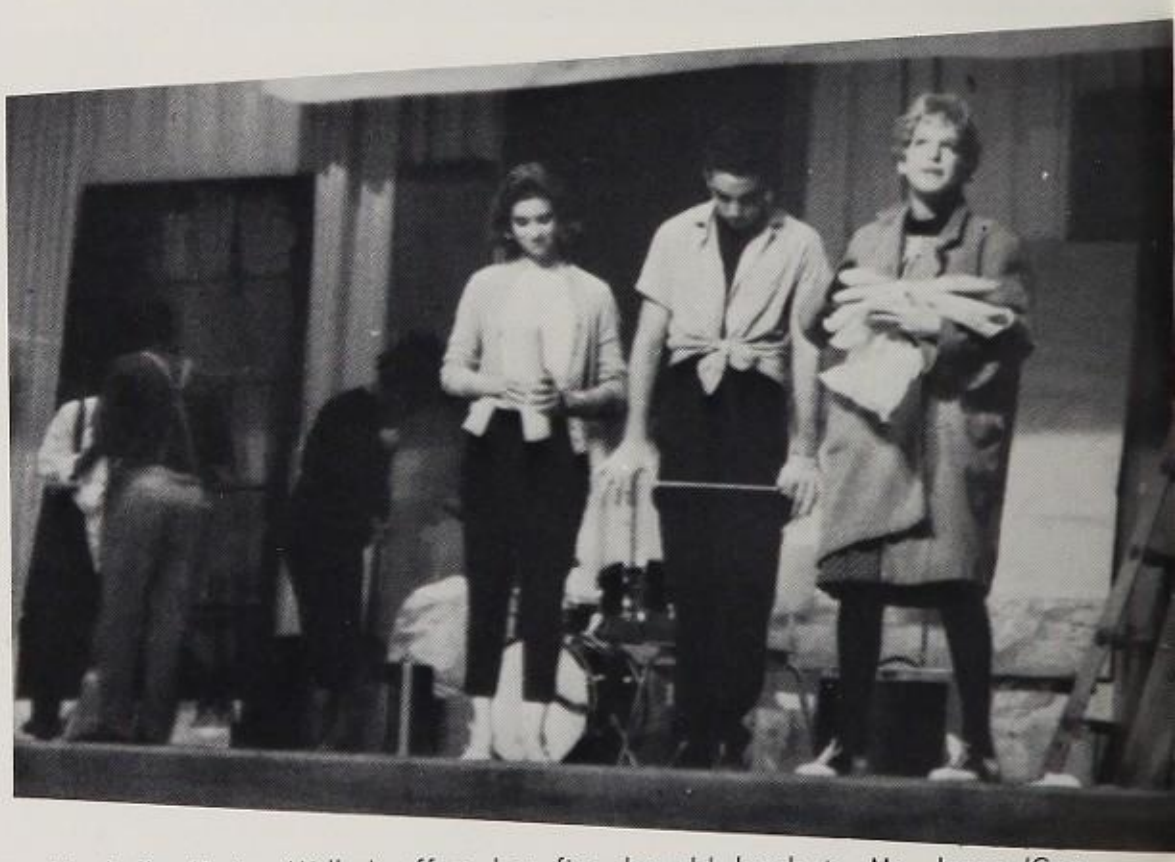
On Saturday night, February 9, at 8 P.M. sharp, the curtains rose on "Backstage," Radford's replica of a gala Broadway production. Instead of being on Broadway, however, the show was presented for a brilliantly successful run of one night at Radford's cafetorium, preceded by a preview showing during second period the day before.

Sponsored by the senior class, which reaped a profit of $310, the show presented an array of talent from the freshman class all the way to the seniors—talent that was truly representative of what the school is capable of. Written, directed, and produced by seniors Judy Griffin and Skip Curley the theme of the story was carried out with superb acting ability by Bette Midler, who played the part of Maybelle, and Gary Moore as Mr. Jones.

Needless to say, the production was a success, thanks largely to the work of everyone involved, and the cooperation of the adviser, Miss Betty Blake.

The Variety Show participants appear for curtain call.

The success of the Variety Show is credited to producer-director Judy Griffin and author-director Skip Curley.



Maybelle (Bette Midler) offers her five-day-old lunch to Mr. Jones (Gary Moore) and Marcia Gunther.

The Variety Show finale ends with "Night Train" by Radford's talented dancers.

More than 85 Radford students participated in the Speech Festival at the University of Hawaii on February 2. Eight of them received superior ratings, and 42 were rated excellent.

The Festival was divided into three rounds, each session lasting about 40 minutes. Each of these rounds took place in several different rooms, with about seven speakers and 25 student critics, one adult deciding each speaker's fate.

Dear Helen

Its been nice knowing a terrific girl like you. Sitting next to you during the first quarter of Latin class was a memorable event which I shall always cherish and remember. I know sometimes my ideas were passionate and to the extreme but your good nature and friendship was deeply appreciated.

Looks like good news for the staff members.

Working hard to meet the deadline.

Due to a change in publishers of Ka Poe Aea this year, new challenges were brought to its staff. Extreme care was needed in meeting the deadlines of the Mainland publisher. Working with the new publisher was, however, beneficial because the company could teach them much from its many years of yearbook work. Through combined efforts the staff was able to make the largest Ka Poe Aea in Radford's history.

The students agree that making a yearbook involves many hours of intensive work, but the work was very rewarding because they always looked forward to making for Radford one of its best yearbooks.

This is serious work.

Ram Page

1962-63 has been a successful year for the Ram Page. With the purchase of an expensive headliner machine and a change of printers, the new staff turned out a paper which has never been equaled.

The new Ram Page could not have been successful without the tremendous amount of time devoted to its production. Page editors and typists often spent weekends, striving to meet the deadline. The efforts exerted by the staff resulted in definite improvements.

Regents

The Regents Club is a service group of 25 enthusiastic junior and senior girls. The girls started the year right by winning the Best Decorated Car award of the Homecoming carcade contest. On November 17 they held their annual Sock Hop, which was one of the most successful dances of the year.

Later in December the girls visited the Kings Daughters Home and the Waimano Home, to spread Christmas cheer. They purchased the State Flag for the school and potholders for the cafeteria. The girls ushered at a symphony concert at McKinley High School in February. In the latter part of the same month the girls visited one of the wards at Tripler Army Hospital.

They finished up a successful year with a banquet and installation of new officers.

Stags

"Dedicated service to school and community," is the motto of the Stags. The Stags are a group of senior boys who want to benefit themselves by helping others.

They started the year right by co-sponsoring the winning entry in the homecoming carcade. Later that weekend they followed up by helping with the dance.

The Stags have helped at many dances throughout the year. Other activities were the repairing and painting of the seniors tables, buying a U.S. flag for the school, and helping usher at a symphony at McKinley High School Auditorium. They ended the year by initiating new members at a beach party which was enjoyed by all.

Band

Under the direction of Mr. John Jordan, the Concert Band of approximately 45 members filled its calendar with several concerts and other activities.

At the Aloha Week assembly, the band played selections at the beginning and end of the assembly; it also played for the procession of the Aloha Week court. Two concerts put on at Radford were the Christmas Concert and the Solo Festival. The band also performed in the District Music Festival which was held in May. Despite this busy schedule, they also played at football and basketball games as a pep band.

The Concert Band plays the national anthem for the flag-raising ceremony on Wednesday mornings.

This year's Beginning Band is striving to be the best band Radford has ever had.

Choir and Glee Club

Activities which have kept the A Cappella Choir busy at school this year were the Christmas Concert and Spring Festival. Out of school, the choir participated in the Christmas Concert at Ala Moana Shopping Center, the P.T.A. Concert, and the HMEA Festival. Singing favorite selections for each of these programs, the choir put on good performances for both the student body and the public.

Radio Club

"Someone pass me the 807 for the final so we can keep the schedule with W6ATU." This is a familiar sentence that can be heard coming from Room 232 each day at noon, when the Radford Radio Club meets to discuss technical issues, the latest equipment, and the newest procedures.

The Radio Club was founded for the purpose of furthering amateur radio at Radford. At the assemblies and at home games the Radio Club set up and ran the public address system; they also provided the music for the Radettes and the Rhythmettes.

This year the Radio Club went on two field days to Bellows. The club is hopeful that in the future they will obtain better equipment and better antennae to help them in their quest for contacts around the world.

This magazine will be the first publication in Radford, on student work in literature. Such creations as art work by the art class, poetry, and essays are some of the items to be put in the magazine.

Money from the sale of the magazine will be given to the Ram Page and yearbook staff for equipment.

Come ye all of Radford, rise strong and sing,
Let praises to our colors ring,

Through the years may all honor be

We hope you've enjoyed our presentation of the '63 yearbook: the students' and teachers' devotion to Radford—their efforts to build Radford's reputation to its present high status; the expression of this loyalty in the lyrics of "The Alma Mater."

To our school with pride and loyalty.

Radford High forever, sing Radmen sing,

Lift high all voices, let our hearts join in.

We shall guard her honor, faithful true we'll be,

Lift our royal banners, In sky, on land, and sea.
